SUMMARY

I am a Software Engineer with a strong foundation in Computer Science and hands-on experience building web and desktop applications. I am skilled in developing scalable solutions using **JavaScript**, **React.js**, **PHP**, **Laravel**, **Symfony**, and **MySQL**, with experience working in **Agile** environments and implementing secure authentication systems.

PROFESSIONAL EXPERIENCE

- Full-Stack Developer - Final Year Project Internship | Ménara Holding | Marrakech 05/2025 – 07/2025

- Designed and developed an internal **pallet management web application** using **Laravel** and **React.js** within an **Agile Scrum** environment, effectively replacing manual paper-based processes.
- Implemented **JWT authentication** to secure **REST APIs** and manage user access control.
- Performed unit, integration, and functional testing to ensure stability and minimize production bugs.
- Technologies:** React.js, Laravel, MySQL, JWT, Node.js, Docker, Git/GitHub

- .NET Developer - Internship | TOUIRS SARL | El Kelaa des Sraghna 05/2023 – 06/2023

- Developed a **desktop app for HR management** and payroll calculation using **ADO.NET** and **MS Server**.
- Automated payroll calculations, improving the accuracy and efficiency of monthly HR reporting.
- Technologies:** C# (ADO.NET), Microsoft SQL Server

- Software Developer - Practical Training | Monark IT | Marrakech 01/2019 – 06/2019

- Collaborated within an agile team to engineer a modular accounting and finance platform using **Symfony** and **PHP**, enabling automated management of tax returns, payroll processing, and client invoicing.
- Integrated dynamic front-end interfaces with **React.js** and **Bootstrap**, while optimizing **MySQL** databases to securely store sensitive financial documents and generate real-time reports.
- Technologies:** PHP, Symfony, React.js, MySQL, Bootstrap, Git/GitHub, Docker

TECHNICAL SKILLS

- Languages:** JavaScript, PHP, Java, C#
- Web Technologies & Frameworks:** React.js, Laravel, Symfony, Node.js, HTML5, CSS3, Bootstrap
- Databases:** MySQL, SQL Server, MongoDB, Oracle
- Architectures, Tools & Methodologies:** REST APIs, MVC, UML, Git/GitHub, Docker, Agile (Scrum), n8n

EDUCATION

- Bachelor's Degree in Computer Science** | UPM, Private University of Marrakech. 2024 – 2025
- Specialized Technician Diploma in Software Development** | ISTA NTIC SYBA, Marrakech. 2023
- Bachelor's Degree in English Studies** | Cadi Ayyad University, Marrakech. 2021 – 2025
- Baccalaureate in Letters and Human Sciences** | Kelaa des Sraghna. 2020
- Baccalaureate in Physical Sciences** | Rahali El Farouk High School, Attaouia El Kelaa. 2018

PERSONAL PROJECTS

- Online Food Ordering Web application:**
 - Developed a web application for online food ordering using **JavaScript**, **PHP**, and **MySQL**.

CERTIFICATIONS

- HTML, CSS, and JavaScript for Web Developers** - Johns Hopkins University | Coursera - 09/2025.
